Dear Srabanti,

My Ph.D student Ritam Pal (20193704) gave his pre-synopsis on 27.11.2024. As per rules, he should have submitted thesis by 27.5.2025. However, due to various reasons, this could not happen. Hence, I request you to give additional time of one month. I assure you that by 27.6.2025, his PhD thesis will be submitted. He is already working on it on priority. I look forward to your positive confirmation.

thanks,

Santhanam

M. S. Santhanam
Professor (Physics)

Ritam gets an extension for a month. Beyond that he needs to repeat the presynopsis and pay the fees for the coming semester
